Wolverines Win 13-7; Will Meet So. Tahoe Next

Benefit Game Scheduled To Be Played Here On Saturday

The Tahoe Truckee Wolverines came from behind in the final five minutes Saturday to defeat a tough Loyalton team, 13 to 7.

It was a thriller all the way which saw the Wolverines take the opening kickoff and march 55 yards in six plays for their first score. Mickey Williams, frosh halfback, scored from 16 yards out as he broke over the right side to out-run the Grizzlies secondary. The conversion attempt failed.

In the second period the Grizzlies went ahead for the first time as their fine back, Darrel Garcia, hit straight ahead for 5 to 10 yards at a crack behind his 190-pound average line, and then sneaked in from the 1-yard line for the score. The conversion run was successful and the Wolverines found themselves on the short end of a 7 to 6 game at half-time.

The third period provided no scoring as both teams held for downs. The forward wall of the Wolverines showed great defensive play as Tom Dolley, Bill McClain, Jim Crawford, Bob Sach, Jack Van Hooser, Jim Harris, and Lew Fellows combined with the defensive backfield of Williams, Jay Stuart, Roger Holbrook and Pat Griffith to stop the Loyalton attack on the 14-yard stripe, and again on the 16-yard marker.

Fast Five Minutes

With only five minutes remaining in the final period, Dick Mandeville returned to the game after being sidelined in the second period following a bruising tackle. The Tahoe-Truckee attack took shape as they started from their own 22-yard line. The running attack led by Mandeville, Fellows, Holbrook, Stuart and Williams culminated in a TD from four yards out as Mandeville broke around left end and hit pay dirt. The conversion pass from Stuart to Van Hooser was good and the Wolverines had defeated the Grizzlies for the first time by a score of 13 to 7.

It was a great team win for the Wolverines, especially for the seven seniors who ended their high school careers Saturday. Dick Mandeville, Bob Sach, Jim Bowden, Jay Stuart, Lewis Fellows, Bill McClain and Jack Van Hooser will long be remembered for their fine sportsmanship, integrity and comeback spirit.

Benefit Game

Saturday, November 13, will see the wind-up of the current football season for the Wolverines, as they play host to the South Tahoe Vikings in a special benefit game for the late Gene Mastroianni, well known Reno businessman, University of Nevada athlete and president of the Western Nevada Conference Officials Association; and Alf Sorenson, W.N.C. official, who is still in critical condition as a result of an automobile accident two weeks ago.

This game will see a new lineup for the Wolverines as they will play without the use of their seniors. South Tahoe is playing football for the first time this season. Tahoe-Truckee's starting lineup will look something like this: Ends, Doug Cooke and Bob Molsberry. Tackles, Frank Giovannoni and Jim Harris. Center, Jay Mandeville. Quarterback, Pat Griffith. Halfbacks, Bob Sanford and Roger Holbrook. Fullback, Bob Trask.

Crossing Signals Assured As SP Gives Approval

Progress Reported In Move To Minimize Danger At Crossing

Elimination of the growing hazard at the Southern Pacific Company's Bridge Street crossing, came a step closer to becoming a reality this week when Supervisor H. G. Loehr, sponsor of the project, was advised that the S. P. has approved an expenditure of $8000 as its share in providing protection to vehicles crossing the tracks there.

Loehr said that he is hopeful the project can be completed and in operation by next spring.

The cost of installing the automatic electric signaling system has been estimated at $16,000, half of which will be paid by the railroad, $4000 by the state and $4000 by the County of Nevada. Loehr said he has submitted the proposal to Charles Smith, county road superintendent, and has been assured of support.

The importance of the warning signals has been shown in the increase of traffic over the crossing. The Kings Beach cutoff road is being kept open during winter months and during the summer hundreds of vehicles use the route daily. The crossing presently is dangerous as adjacent structures prevent clear vision east and west along the tracks, particularly for north-bound cars and trucks.

Loehr has worked to secure the improvement for considerable time and entered negotiations with state and Southern Pacific last June.

Four of the eight vacancies on the Truckee Volunteer Fire department roster were filled at Tuesday night's meeting held at Brown's Cafe and Robert Moore was named as the new secretary for the group.

SUNBEAMS

By WALTER M. BARRETT

With the election over and Thanksgiving only a matter of two weeks distant, Christmas looms up as the next most important event of the year, and with its approach, thoughts naturally turn to gift selections. Truckee merchants have gone all out this year to provide shoppers with a bigger than ever assortment to select from and are asking your patronage. From new automobiles, household furniture, televisions and radios, jewelry and clothing, down to the smallest toy, Truckee offers the buyer a wide selection at prices equal to and often below those found elsewhere. They sincerely urge you to look over their stocks this season and whether you buy or not, it is only fair to compare.

Armistice Day is gone. It's departure is unlamented, not because the world is any less peace-minded than it was in years past, but simply because Armistice Day has long since lost its original meaning. The new observance on November 11 each year will be Veterans' Day. This is much more sensible. The men who have served the Nation are deserving of such tribute, and a grateful people will gladly accept this opportunity to express their thanks to the ex-servicemen.

Mrs. Bea Edwards, deputy grand matron of the 12th district and Everett Moore, grand sentinel of the Grand Chapter will be the installing officers.

This will be a joint installation with the Masonic Lodge, and members of both organizations are invited to attend.

Last Rites Held For Frank Titus, Truckee Pioneer

Odd Fellows Conduct Last Rites For 56-Year Member

Last rites were held at the Truckee Colonial Mortuary Saturday afternoon for Frank A. Titus, 77, life-long resident of this area, who expired last Thursday following a prolonged illness.

Officers of the Odd Fellows Lodge at Loyalton, assisted by Truckee lodge officers, conducted the services at the chapel and graveside in the Truckee cemetery.

A native of Genoa, Nev., born March 20, 1877, Titus first came to Truckee with his parents, the late Mr. and Mrs. John Titus in 1889 at the age of 12. He was employed by late Mauri Franzini in a grocery store here until 1896 when he went to Glenbrook and later helped survey the route of the old narrow gauge railroad between Truckee and Tahoe City.

Following the building of the railroad, Titus was an engineer on the line during the summer months and worked for the late Wally Gillette in the first winter sports enterprise in California during the winters.

At the end of World War I, he went to work as night police officer in Truckee, a position he held until his retirement on May 1, 1946. Since that time he had represented the Farm Mutual Insurance Company here as agent.

The deceased was married to Flora Cottrell, his surviving wife, in Carson City on October 19, 1904, and the couple observed their golden wedding anniversary a little more than two weeks ago.

Besides his wife, Titus is survived by two sons, Frank L., of Portola and Jack of San Rafael; a daughter, Mrs. Frances Cozzalio of Reno and six granchildren.

He was a member of the Truckee Odd Fellows Lodge for 56 years and for the past several years had been district deputy of the grand lodge. He was a past noble grand and secretary. A member of the Democratic Central Committee for many years, Titus always took an active interest in politics.

Truly one of Truckee's "old timers," who loved the area, Frank Titus will be greatly missed and the sympathy of the entire region will be extended to his surviving family.

Anyone interested in the various sports sponsored by the club is invited to Monday's meeting.

A box of toys—also prepared for shipment by the troop was sent Monday to New York to be sent as a part of the national gesture of friendliness to the children of Korea.

Reno Man Dies; Others Injured In Auto Mishaps

Patrol, Hospital Busy As Accidents Mar Local Driving Record

(BULLETIN)

Louis Myers, 53, Reno, injured when the car in which he was a passenger developed mechanical difficulities, and plunged off Highway 40 near Soda Springs Sunday at 4:45 a.m., died in a Reno hospital Wednesday morning apparently as a result of internal injuries received in the mishap.

Five motor vehicle accidents in this area during the past week sent eight people to the Tahoe Forest Hospital for treatment, the California Highway Patrol reported.

Believed to be the most seriously injured is Florence Long, 28, San Francisco, who was hurt at 5:30 a.m. Wednesday when a car driven by Robert Charles Smith, 27, also of San Francisco was struck headon by a logging truck driven by William Rose, 32, Marysville, half a mile west of Cisco.

State Patrolman Guy Anderson cited Rose for attempting an illegal pass and being on the wrong side of the highway. Witnesses said Rose was attempting to pass another truck on a curve when the collision occurred. Smith was being treated for minor injuries.

The injured were brought to the hospital by the Truckee ambulance.

Four men suffered minor injuries Friday at 11:15 p.m. when a car driven by John E. Pierce, Vallejo, overturned just west of the Tahoe Wye. Pierce and Charles Hansley, Marysville, Robert E. Chiles, Mare Island and James Pierce, Crockett, were treated for injuries and the driver was jailed by Patrolman Roy Stallard fro drunk driving and speeding.

He subsequently appeared before Judge F. W. Wilson and was fined $230 plus $12 tax. James Pierce was fined $50 for violating the county's sobriety ordinance.

Louis Myers, Reno, had major injuries after a car driven by Otto A. Waterstraat, Reno, developed mechanical trouble and ran off the road near Soda Springs Sunday at 4:45 a.m. Patrolman Martin Sturcke made the investigation.

Andrew Elchuck, Reno, was cited by Patrolman William Gautsche shortly after noon Sunday for speeding after his car got out of control and ran off the highway and was wrecked. The driver was not hurt.

Ernest C. Mathers, Hayward, was not hurt when his car ran off the highway on Donner grade Saturday evening. He was cited by Patrolman Sturcke for speeding.

High Average Reported In State Bird Hunting

Nearly 5000 hunters have recorded an average daily bag of 3.5 birds per hunter on the six waterfowl management areas open to public shooting since opening day, the Department of Fish and Game announced.

Figures compiled through October 24 show that 4739 hunters bagged 16,791 ducks, geese and coots.

Grizzly Island in Solano County continued to provide the best shooting with a daily average per hunter of 4.7 birds. Grizzly has accounted for 9243 birds, or more than half of the total.

Beginning October 30 three more areas, Gray Lodge, Colusa, and Sutter, were opened, and applications for reservations received thus far indicate they will be extremely popular shooting areas.

Northern birds have begun to appear in numbers, and the remainder of the first half, which ends November 13, should see greatly improved hunting.

No further applications for first half shooting dates will be accepted. New application forms for the second half will be distributed to license agents well in advance of the December 6 second half opening.

The conservatory in San Francisco's Golden Gate Park, a glass building the length of a city block, houses many rare plants.

Nevada County Tax Bills Totaling 9240 Mailed To Residents

Nevada County tax bills totaling $1,343,960.28 for the fiscal year July 1, 1954 to June 30, 1955, have been placed in the mails, according to announcement today by tax collector Elma Hecker.

Assessments are made according to state formulas as of the first Monday in March by Assessor William Tamblyn, according to deeds in the office of Recorder Jack Nettell.

A total of 9240 bills were sent, including 9117 regular bils, pink in color; and 123 public utility bills, white in color.

To be collected from the regular bills is the amount of $870,984.45—$468,953.52 on the first installment and $402,030.93 on the second.

The first installment becomes due November 1, 1954, and becomes delinquent on December 10, 1954, after which a 6 per cent penalty is added. The second installment becomes due February 1, 1955, and will become delinquent on April 10, 1955. Since April 10 falls on Sunday next year, the delinquent date will not be until April 11, Monday, at 5 p.m.

Miss Hecker notes that the April delinquent date has been changed this year to the 10th, instead of April 20 as in years past. This is because the statute governing the date of payment was changed by the state legislature. It was amended and made operative on and after January 1, 1954. Due notice of payment dates will be made in newspapers around the second installment due date.

Sportsmen, Officials Will Discuss Program

SACRAMENTO—Encouraged by last year's enthusiastic response, the Department of Fish and Game has again schheduled meetings with sportsmen, landowners, and conservationists in all five regions of the state to talk over recommendations for the 1955 angling and hunting regulations.

The get-togethers have been set for November 29 at the State building in Los Angeles; November 10 at the Pacific Gas and Electric Company building in Fresno; December 1 at the State building in San Francisco; December 2 at the Department of Education building in Sacramento; and December 4 at Shasta College in Redding. All meetings will be at 8 p.m.

The San Francisco International Airport unit of the fire department was inaugurated in 1949.

Mrs. La Rue Stewart of Tahoe City has been selected to take the farm census of this Lake Tahoe area after passing extensive tests for aptitude and long periods of training. Mrs. Stewart spent two days in Loomis under the tutorage of the crew leader, Mrs. Ruth L. Fischer of Loomis.

The ladies who acted on the election boards at the Tahoe City precinct wish to extend their greatful appreciation to the merchants of that city for their pleasant and tasty surprisess sent to the ladies at their long and tedious day and late evening hours during the last election. Thanks are also extended to Constable Lavery of Kings Beach who also presented "sweets to the sweet" on that day.

"Let's Read" is the theme of this year's Children's Book Week which will be celebrated by the Tahoe City branch of the Placer County Free Library from November 14-20. There will be a group of new children's books on display at the library during this week. Mrs. Lenora Bartell, branch library assistant, cordially invites parents, teachers and children to visit the library during this week. Library hours are Monday, Tuesday, Thursday and Friday from 1 to 4 and Wednesday from 7 to 9 p.m.

A letter from the swimmer, Bob Hoskins, tells that that young man has been talking with Bill Long who successfully swam the width of Lake Tahoe in 1953 and the boys decided to wait until July or later for Hoskins to make his attempt on the length of the lake.

Word was received that there will be a national U. S. 50 Federation convention held this week at the Broadview Hotel in Emporia, Kan., November 12 and 13.

The fall session of the Sacramento Valley Council Chamber of Commerce was held at the Senator Hotel, November 5 with the secretary of the Lake Tahoe Sierra Chamber of Commerce attending together with one of the director, Fred Schultz, who is also the chairman of the highways committee, Mrs, Jeanette Mitchell, secretary of the chamber, gave a report on activities in the Lake Tahoe area and also a report on the coming winter schedules. Don Huff presided over this particular committee, travel and recreation in place of Ned Richardson who has not yet returned from his extensive West Indies trip and also due to the absence of Don Diggs who, we learned, was hospitalized. Huff may be commended for the management of the lengthy and very important meeting and everyone attending had the time and opportunity to give their report along with some very good discussions.

Edna and Herb Obexer and son, Jakie, of Homewood are leaving for a trip that has a most fascinating iteinery, taking them through Las Vegas, Oklahoma City to North Carolina where they will visit Mrs. Obexer's folks, Mr. and Mrs. H. D. Bradley. They will be gone a month and extend their trip to Florida.

Back for a very few days visit with their folks we find Shirley and "Chap" Bortz. The young newly-weds made a non-stop trip out from Georgia where Chap is still stationed with the army officers training base. On the eve of November 6 Mr. and Mrs. John S. Flagg, Tahoe Park, entertained some 18 guests in honor of the couple. The Bortzs' left early Sunday morning for a short visit with Mrs. Bortz, Chap's mother, who lives in Orange, Calif.

Mrs. Rick Giannini left for a few weeks visit with her mother who resides in Berkeley. Bernice's mother, Mrs. Samuel Archer has been recently hospitalized and will find her daughter's visit most comforting.

Hear that the Tahoe Women's Club had a fine meeting and luncheon at the Pfeifer House Thursday. The ladies all wore "hats of their choice" and Mrs. Ida Simmons walked home with the top prize for wearing the oldest hat bought on Fifth Avenue., New York, in 1894. Another successful party time by the Women's Club was their annual hubbys night wherein the ladies treat their hubbys to a night of song and dance and Bacchi's Inn served a chicken dinner. The ladies paid the bill. Some 33 dinners were served that evening, Saturday, November 6.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Pasadena this morning, November 5th is delightfully full of sunshine, the first we have seen since our arrival six days ago. Just had a call from my granddaughter, Joellyn, saying how delightful the weather is at the lake. Well, there is actually no place to compare it with.

I have heard in a round about way there is something wonderful to take place around Carnelian Bay. Something out of this world in the matter of motels. It is surprising the large amount of interest in Lake Tahoe from such a good class of people here.

George and William Mortensen of George's Grocery at Kings Beach are enjoying their home on North Bonnie and Pasadena after a successful season at the lake. They are already looking forward to next summer which they expect to be bigger and better than ever.

Clarence Williams of the Community Dairy where we are staying is still raving about the vacation which they spent at Kings Beach.

And yet another Williams family—Wyman, Beverly and Randy—say as soon as they dispose of their property, they hope to make their home at Kings Beach. Sure be nice to have them.

Attended a luncheon of the Pasadena Lions last Friday with 120 present and had the pleasure of witnessing an old friend, Bill Lieberg receive his pin for 30 years of perfect attendance.

The Howard Newshams are comfortably settled in the Julius and Neva Gold's Goldcrest Lodge. The Golds are having a wonderful rest at Desert Springs.

Quite a coincident here. We have friends by the names of George Pott, Arthur Kettle and Joe Black. We couldn't help remembering an old saying as we talked of one another—the Pot calling the Kettle Black.

Surprised to hear our friend, Alice Sorensen of Tahoe Vista, had been quite sick at her home. We told her that she can't do that while we are away and can't take care of her. We are mighty glad to know that she is all O.K. again.

Billy Martin also of Tahoe Vista had quite a seige of illness in the Tahoe Forest Hospital. We are glad that Billy is coming along, and will soon be as good as ever.

The next speaker for the Kings Beach P.T.A. meeting will be Bill Scott, newly elected sheriff of Placer County, whose subject will be Juvenile Delinquency. There will be many items up for discussion, among which will be the Christmas party. Refreshments will be served following the meeting. The Halloween party was a huge success, and many thanks to those who made it possible.

The Meredith Siples are contemplating a trip to Burney to visit their relatives before leaving for Glendale where they will make their winter home.

Saw Betsy Ross while in Pasadena. She is Dave Ashton's aunt, and has lived in the southland many years.

If you ever go down around Los Angeles, be wary of the freeways. We got on one and boy I was three miles past the street before I could get off. You just keep rolling along, or be rolled from behind.

COLD WEATHER, SNOW AND HIGH WATER BILLS

Any day now, a sufficient fall of snow might occur that would prevent the District from reading your water meter until next Spring—possibly April or May.

In the meantime the District will be billing you a minimum charge which entitles you to 6000 gallons of water per month.

At such time as the District is again able to read your water meter the difference in gallons registered will be computed and if the amount registered is over the minimum paid for during the winter months you will receive a bill for the excess so registered.

It is important—not to let your water run to keep your pipes from freezing or to allow any leaks or drips to occur during this period as it will show up when you receive your first meter-read bill in the Spring.

He helps teachers in 54,000 classrooms

Radio was barely out of the earphone stage 26 years ago when a new program was beamed from a San Francisco studio. It featured a string trio and was based on the idea that good music, when clearly understood, could entertain and teach, too. Actually, only 72 Western schools had radio sets then, but with that performance the Standard School Broadcast went "on the air," to serve students and teachers of the West with a brand-new idea in educational aids.

Today, when Conductor Carmen Dragon lifts his baton, it's "time for the Standard School Broadcast" in over 54,000 classrooms through the West, Alaska and Hawaii. Counting children, teachers and home listeners, the program reaches a weekly audience of nearly 1½ million. That string trio has grown to a symphonic orchestra with a dramatic cast, choral group and guest vocal and instrumental artists. Selections range the musical alphabet from symphony to jazz. Each year's course follows a carefully planned outline published in a manual supplied to teachers by Standard to serve as a guide in blending music-enjoyment with subjects like art, literature, social studies. Now in its 27th year, the Standard School Broadcast is radio's oldest education program, heard today over more than 100 stations. Its goal is to help Western children gain an absorbing new interest in the world's good music and—through music—a broader knowledge and understanding of the world around them.

Listen to Standard School Broadcast every Thursday. Check your newspaper radio log for time and station.

Tahoe-Truckee School District News

TRUCKEE

Kindergarten: Most prefrered of kindergarten games are those which involve one child as the center of attraction. A favorite is Indians, in which one child is the buffalo, hide in his cave, and is chased by the Indians. Buffaloes for last week were John Collier, Bill Waters, Ronnie Walker, Judy Ann Wescott, and Sandra Miller.

First Grade: We sang the "Merry Go Round" song and made a merry-go-round. Anne Morey, Larry Digesti, Randy Russell, and John Goldsmith were the center and the rest of us went in and out and around under their arms.

First Grade: The children bring records for the rhythm and dancing games. Diana Pankoke, Eileen Olson and Jackie Finnegan have brought records to school this week.

Second Grade: In physical education we play singing games.

Third Grade: The third grade pupils have thoroughly enjoyed the outdoor games during the good weather. Arnie Durish has been captain of the volleyball; Karey Kielhofer, the football; and Daphne Robichaud, the jump rope.

Fourth Grade: In fourth grade we play team games so we may learn to work together as a unit. Our class has four teams which take turns competing against one another. Virginia Barnes, Janice Roth, Mike Lee, and Gene McGihon are the captains.

Fifth Grade: The fifth and sixth grades played their challenge softball game a couple of weeks ago. Although the sixth grade won, the fifth graders had reason to be proud, as they played hard and well. Perhaps the brightest spot in the game insofar as the fifth grade was concerned, was the double-play executed by Mike Kumle and Joaquin Fuentes. Rickie Rockholm and Linda Giovannoni also turned in sparkling performances during the game.

They are also scheduled for another challenge game—this time, in volleyball—against the sixth grade. Francie McGwinnis is the fifth grade captain for the game, and team members are: Terry Ellis, Charles Glenn, Mike Robichaud, Karen Smart, Charles Berger, Pam Freeman, Donna Gracik, and Joaquin Fuentes.

Sixth Grade: For the past two weeks the girls have been practicing volleyball diligently and enthusiastically. Last week they organized themselves into a nine-member team. It is made up of Steffie Firpo (captain), Lily Cushing, June Crane, Judy Giovannoni, Julia Fuentes, Varien Frey, Mary Ann Faulker, Cynthia Reynolds and Carol Johnson.

KINGS BEACH SCHOOL

Kindergarten—First Grade: Mrs. Patnoude checked our eyes this week. We saw a film called "Beginning Responsibility." We also same film strips about the seasons. Miss Knudsen read "Heidi" to us, and we all colored pictures of Heidi. They will be judged Friday. Some of the children in our room went away for Halloween. Beverly Bergman went to San Leandro, Pete and Pam Powell went to Oakland, Billy Valline went to Reno, and Cathy Rockholm went hunting with her parents.

Second and Third; Friday morning, Mrs. Wing finished reading the story Heidi, and we drew the scenes which we liked best.

Marcia Tucker has returned to the third grade. Estelle Howell has transferred to Inglewood, Calif., for the winter.

Fourth, Fifth and Sixth Grades: Last week we started on our arithmetic progress tests. Our Heidi posters were completde Friday and were judged. Daryl Brooks won first prize for the contest. Richard Parr, Frances Howard, and Curtis Draney won consolation prizes. The pictures are now on display at the Brockway Theater. We took a trip to the library Tuesday so our classroom could be used for the election. Mr. Baker and his staff were very helpful in showing us how to use the card file for finding books.

HIGH SCHOOL NEWS

Last week at the Tahoe-Truckee High School the students were busy taking final examinations for the first quarter. But it was not all work and no play. Thursday the girls' field hockey championship was decided with the junior girls defeating the sophomore girls in a sudden death overtime period, one to nothing. The winning girls were feted to a luncheon the following day.

Saturday night following the victorious Loyalton football contest the freshmen class sponsored a school dance. Mr. Kriedt and the school dance orchestra provided some of the jazz renditions.

DONNER TRAIL

Our upper group of children have started their large map of the many American neighbors. They will make a map of Canada, Mexico, South America, Central America, and the many islands surrounding our home. All the countries will be on one large board for comparison. Grades one to three are making a large scrapbook to show what we know about the different kinds of foods. We are learning about health and why we must study haelth.

Tahoe Items

Tahoe City has temporarily lost several of its summer residents with Mr. and Mrs. Frank Kennedy going to Cathedral City for the winter, Mr. and Mrs. A. F. Sanford leaving for Las Vegas.

Mrs. Fern Schlueter also had a grand trip east through 10 states. She is now settled in an Oakland apartment until after the holidays when, she wrote, that she may again take another trip before coming back to the lake.

H. C. Eckles of Tahoma now has an address at Mt. Herman.

The H. H. Hulls who will be remembered by many Lake Tahoe families have recently moved from Sebastopol to Fairfield.

New sprayer fights cable-boring beetles. Astounding as it may seem, there's a kind of beetle that can eat right through the lead cover of a telephone cable. The beetle's so tiny it's hard to see. But the hole it leaves can let harmful moisture inside a cable. To prevent this, telephone people use a special repellent, which used to be brushed on cables entirely by hand. But the new sprayer—pulled by a man on the ground—puts the repellent on three times faster. By saving valuable time, this cuts the cost of guarding cables. So it's a big help in bringing you good telephone service that's high in value and low in price. **Pacific Telephone works to make your telephone a bigger value every day.**

WATSON RESIGNS INSPECTOR POST

AUBURN — Building Inspector Robert H. Watson of Placer County handed in his resignation to the board of supervisors Tuesday morning. He has served the county eight years in that capacity. No immediate successor was named.

Watson declared, "I am the first one from the eastern end of the county in 100 years to be appointed as a county official, I am for Placer County all the way through."

Watson was born and raised in the Lake Tahoe area, a son of the famed "Trail Blazer" Watson.

"I can't get along on my salary and decided the best thing to do was quit," Watson told the supervisors. His salary is $300 per month.

STATE CHAMBER TO HOLD BAY SESSION

SAN FRANCISCO—More than 1500 business and civic leaders from all parts of California are slated to attend the 27th annual meeting of the State Chamber of Commerce, James Mussatti, general manager, said this week.

Members of the six regional councils of the chamber have held a series of preliminary meetings at which chamber policy for the coming year has been hammered out.

Headquarters for the conventions, set for December 2-3, will be the Palace Hotel.

Hunters Are Advised To Get Pheasant Tags

Hunters planning on pheasant hunting during the 1954 season November 20 through November 29, are advised to obtain their pheasant tags now, according to the Department of Fish and Game.

Tags are available at all license agents throughout the state.

Department officials also advised the hunters to obtain their tags in their own locality to avoid a last minute jam in the concentrated pheasant areas such as the Sacramento Valley.

Go To Church Month Declared By Governor

SACRAMENTO (CNS) — Gov. Goodwin J. Knight has proclaimed the month of November "Go to Church Month" in California.

The governor's proclamation read in part:

"The people of our Republic traditionally have relied upon spiritual values for their strength and guidance. At the very foundation of our Nation, the framers of our Declaration of Independence recognized that the people are "endowed by their Creator' with the basic freedoms and rights which we now enjoy.

"It is entirely appropriate that we frequently offer humble and prayerful gratitude for the Divine Benevolence which has been bestowed upon us."

TAKE TRIP

TAHOE CITY—Ivan and Laura Wilson of Lake Forest took a lovely fall trip to Sacramento via Marysville where they stopped over to have a visit with Dorothy Whidden, who has the Homewood Gift Shop. They extended their trip to Sacramento where they visited their daughter, Carol, who is the newly chosen drum majorette of the Sacramento Junior College.

BEST SEASON ON DEER IS REPORTED

SACRAMENTO (CNS)—California deer hunters "enjoyed the best season in the state's history this year, the State Department of Fish and Game announced.

The department received deer tags indicating that 67,483 deer were taken between August 1 and October 24. This compared with a record of 64,619 set in 1951.

Many tags still are outstanding and department officials expect the total bag for this season will reach 75,000. Last year, 58,992 deer were taken.

Coastal hunters took 5739 more than the previous record for that area. But in the Sierra Nevada, where the season closed October 24, the kill was running slightly behind the record set in 1951.

Final bag figures in the coastal area totaled 27,958 deer, compared with 22,478 last year. In the Sierra Nevada, tag returns to date total 34,701.

Department officials estimated the record kill was made by slightly fewer hunters than last year. They attributed the increased bag to larger deer herds which resulted from two mild winters and good feed conditions.
